

PHARMASELF24

Provide 24/7 prescription collection to your community

Introducing the latest pharmacy innovation: a prescription collection system that provides your patients with the convenience to access their medicines anytime day or night, including outside of the usual pharmacy opening hours.

This simple and secure collection solution not only enhances the patient experience, but also gives your pharmacy a competitive edge, allowing you to reallocate staff to offer improved clinical care and strengthen customer loyalty.

Convenient for patients,
Great for business.

Benefits for your business and patients

-  Reduce patient queues and free up staff resources for more profitable services
-  Attract new patients and maintain loyalty of existing customers
-  Allow your patients to collect their medication at any time, day or night
