

SureMed Consumables

The SureMed blister card range provides pharmacies with a comprehensive pack solution, we offer several different pack types to ensure we cover all your patients needs while maintaining a competitive price. All SureMed packs are Cold Seal to ensure medication temperature stability and to avoid safety hazards in the packing area.

Consumables

Pack Types & Features

SureMed Trifold

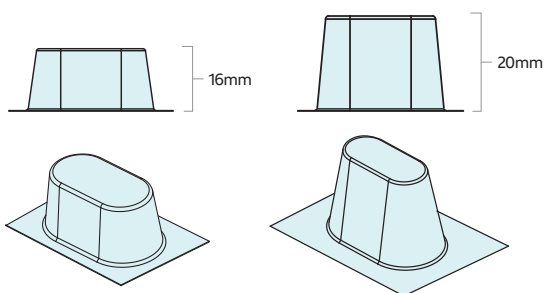

The SureMed Tri-Fold pack provides the ultimate medication adherence companion for your patients.

The pack design allows for comprehensive labeling that supports up to 18 medications and includes a complete medication profile, drug images and cautionary and advisory warnings. The book type cover makes this pack discreet and provides space to apply a pharmacy branded logo.

Available in 16mm and 20mm blisters.

SureMed Perforated

SureMed perforated packs provide a cost effective perforated option and allows patients to remove individual blisters with medication inside from the pack itself, this is ideal for patients who are out and about and don't want to miss their scheduled dose.

- Morning blister size is 14% larger, allowing for more medication
- Easy to burst blisters for patients that find other packs difficult
- Pack labelling that supports up to sixteen drug types
- Slitted holes for rack storage
- Available in 16mm and 22mm blisters

SureMed Clear

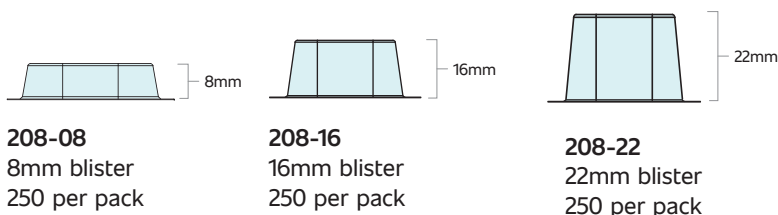

SureMed Clear is the latest DAA packaging innovation from Omnicell.

This cold seal pack offers a number of unique features including transparent seals that allow faster and more accurate checking from either side of the pack; the removable seal makes medication changes quick & easy; we understand that morning is a popular dosage time so we have made our morning blister 14% larger. Available in a range of colours for all your packing needs, SureMed Clear will revolutionise the way you pack.

- Transparent seals allow faster, more accurate checking from either side of the pack
- Removable, tamper evident seals make changes quick and easy
- 14% larger morning blister
- Seals available in nine different colours
